Dear Educators,

We are excited to welcome your class to Frisco Fire Safety Town for safety education. Our mission is 'to provide a hands-on, fun place where we teach children of all ages how to play it safe everywhere, everyday!'

IMPORTANT INFORMATION ABOUT YOUR STUDY TRIP

- ❑ **A valid State issued ID is now required of all adults to enter our facility**
- ❑ **Chaperones will be essential — serving as small group leaders and/or safety monitors in the town.** Because our parent volunteers will help facilitate some of these activities, we ask that siblings not accompany the parent for the visit.
- ❑ Outdoor activities will take place as ***weather permits***.
- ❑ We recommend PE attire for the Frisco Fire Safety Town study trip; (i.e.: pants or shorts, tennis shoes, etc.)
- ❑ Please provide a copy of the **Chaperone Information Sheet** to each chaperone at least one day prior to your visit. The form is attached to your Pre-Visit information and can be accessed via our website: www.FriscoFire.com under the **Programs** tab.
- ❑ Because Frisco Fire Safety Town has created a unique concept in safety education, there may be other visitors observing or touring the site while your class is present. Anyone not associated with your school will be accompanied by Frisco Fire personnel at all times and shall not have interaction with students.
- ❑ Also, candid photos of your students participating in class exercises may occur; Upon your arrival, please let us know which students, if any, should not be photographed during their visit.

*If you have any questions, please speak to your Campus Liaison (see attached list)
or contact Frisco Fire Safety Town at 972-292-6350. Fax 972-292-6359*

FRISCO FIRE SAFETY TOWN

FRISCO FIRE SAFETY TOWN

CURRICULUM

"HOME & LIFE SAFETY PRESENTATION:"

CORE OBJECTIVES

To teach students how to prevent, prepare, recognize and respond regarding student's personal safety and safety of others while in their home.

- ❑ **Prevent:** To give children a basic knowledge of the dangers in the home and how they can avoid them.
- ❑ **Prevent:** Discuss ways to keep families safe while being alone or watching younger siblings.
- ❑ **Prepare:** Definitions and discussions of cooking safety, handgun safety, prescription and non-prescription drug safety, pool/swimmer safety, and e-device safety
- ❑ **Recognize:** How to identify harmful hazards in the home.
- ❑ **Respond:** Knowledge of identifying an emergency and knowing 911

CLASSROOM INSTRUCTION & HANDS-ON INTERACTION

Classroom education includes lecture, Power Point presentation/video, and discussion about home and life safety.

Students will walk away knowing what can be dangerous and how to handle situations or items that can present problems when left home alone.
